

Directive Welcomes Jared Myers to the Web Development/Design Team

Oneonta, New York - October 5th, 2011 – Directive, Provider of Managed IT services and Web development/marketing services, has named Jared Myers as a new member of its Web Development/Design team.

Mr. Myers, Who graduated from SUNY College At Oneonta, will be playing a significant role in providing Directive clients with cutting edge designs for their websites. Jared is finishing up his first 90 days and getting settled in.

"The expansion of our Web Design/Development team has strengthened our ability to meet the needs of our clients" noted Chris Chase, CEO of Directive. "Jared's previous experience and expertise with Web Design as well as Programming, will not only benefit Directive, but will be to the benefit to our clients as well."

Mr. Myers enjoys watching and playing hockey and soccer, photography, and loves cars. Mr. Myers currently resides in Oneonta, NY
